Professional business card templates psd free

October 24, 2002 1 min Entrepreneurs are on their own to read opinions expressed by contributors. It's no use hiding business cards on your desk. Here are some ideas for getting them into circulation: Don't just hand out a card. Practice distributing two, then ask the recipient to pass the extra one to someone else. Give the customer one on each call, not just the first one. Ask them to pass it on. Give each person one at a group presentation, not just the decision- decider. Ask to see the prospect when you give a card to each receptionist. Put two cards in the envelope with each letter, birthday card or thank you note.
